Fr 07:00 a.m. - 12:00 p.m.

## 2. Collection address:

KSR Kuebler Niveau-Messtechnik GmbH

Alte Neckarelzer Str. 16/1

74821 Mosbach

### **3. Registration:**

Suppliers / carriers must contact the shipping department at least 30 minutes before the scheduled collection / delivery:

**Mrs. Völlmer, Tel: +49 626 387-849    Mr. Gastrop, Tel: +49 626 387-850**

Register the pick-up / delivery with details of the order number, dimensions and weight in order to coordinate an exact date.

Any waiting times as a result of incorrect registration or delivery will not be reimbursed.

### **4. charging rules**

We would like to point out that the legally required safe transport requires the provision of suitable vehicles (drop sides, stanchions, coil racks, coil troughs) as well as safety devices (sufficient intact lashing straps, anti-slip mats, lashing chains, tension belts) in order to enable positive and non-positive load securing.

In the interest of safe transport, we would like to point out that unsuitable vehicles that are not equipped with sufficient safety devices are not loaded by our shippers and that any costs that arise are not borne by us. The freight forwarder remains liable for safe and damage-free transportation.

### **5. charge certificate**

With his signature on the delivery note, the vehicle driver certifies that he has taken over the load in full, in perfect condition, within the permissible loading weight and has loaded it in a manner that is safe to operate and transport. The driver undertakes to compare the payload with the permissible total weight of his truck and, if exceeded, to carry out the required weight adjustment.
